New MECHANICAL THRILLS AND

A real CARNIVAL of your own!

Merry-Go-Round whirls, its 4 horses racing 'round and 'round. In the big Ferris Wheel that turns at a lively pace you see three people riding. A speeding Airplane Ride, three airplanes flying in circles. Just push lever and the whole carnival is in action, running a long time. And don't miss the other attractions pictured on the fence surrounding the carnival.

A new TRACTOR
that really
climbs

\$1.00

No. BR91

"Hills don't matter to this big 8 1/2 inch aluminum tractor with rubber caterpillar tread" says Billy. "There's work to do—its wind-up motor gives power to travel up hill and down steep grades. There's the operator back of the wheel and he has a brake to stop tractor."

ARMY TANK

Says Billy: "There's simply no stopping this mechanical tank until the battle's won for it'll climb over most any obstacle, clearing its path thru the enemy's line with a steady fire—see those sparks shooting from twin turret guns. Caught the enemy unawares, you see, tank is camouflaged."

a-ridin' on their Mechanical Car

"A barrel of fun" say Billy and Ruth. "Donald Duck works so hard pumping his 11-inch wind-up car around the 6 ft. circular track. Hear him 'Quack-Quack'—see Pluto, head bobbing up and down, looking out of his house on front of car."

STREAMLINED SIREN AMBULANCE

\$1.39

"Let's play I'm Doctor and you, Ruth, will be Nurse" said Billy. "And this speedy, streamlined, white ambulance, 1 1/4 ins. long will answer the 'hurry' calls to the hospital. As it races off after a patient, its siren shrieks loudly to clear the way. Extra long-running, wind-up motor. It will run straight or in circles. Balloon type rubber tires. Large rear-opening door."

STREAMLINE FIGURE 8 SPEEDWAY

No. BR93

\$1.95

Twin-track, racing speedway in shape of figure 8 with cross-over. Wind up the two racing cars, start them off—see them race several times around the big 8 that's almost 9 feet long. First one car's ahead, then the other. Tracks lithographed in color with principal cities so you can play a game too—car stopping nearest the city picked, wins.
