# 1957 LIONEL TRAINS with MAGNE-TRACTION

Here are just a few of Lionel's fun-filled new train sets and accessories for 1957. Every set shown comes complete with track, transformer, automatic uncoupling control, lockon, lubricant, instructions.

Visit your Lionel dealer for a free catalog and prices. Ask him to show you his complete assortment of "O27," "O," and Super "O" train sets of which these are just a few.

A thrilling set and a thrifty buy! Spunky NEW No. 250LT Pennsylvania steam loco and tender pulls 5 cars—gondola with canisters, Gulf tank car, New Haven box car, hopper car and a caboose. This is a lot of train for a low price!

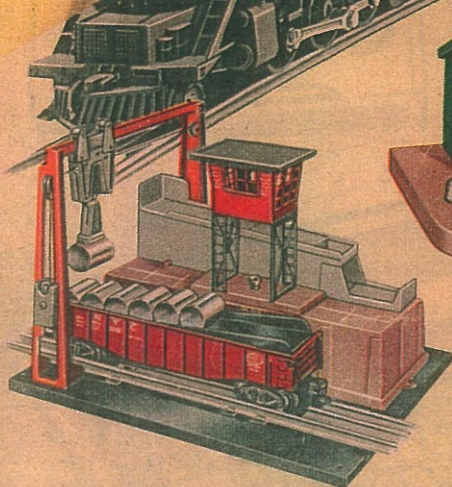

NEW No. 205 Missouri-Pacific double "A" unit Alco diesel pulls this realistic 5-car work train. Loco has headlight and Magne-Traction. Train includes flat car with pipes, gondola with canisters, flat car with logs, operating crane car and work caboose.

Wow! Here's a 6-car steam freight pulled by whistle-tooting, smoke-puffing steam loco No. 2037LTS with Magne-Traction and headlight. Scale-detailed train has new refrigerator car, gondola with canisters, new stock car, flat car with pipes, hopper and caboose.

## NEW in 1957... Exciting Play-Packed Accessories

NEW! No. 345 Culvert Unloader provides authentic freight yard action. Travelling crane lowers magnetic crane; lifts culvert sections and transports them onto station. May be connected with No. 342 Culvert Loader for continuous operation. Car included.

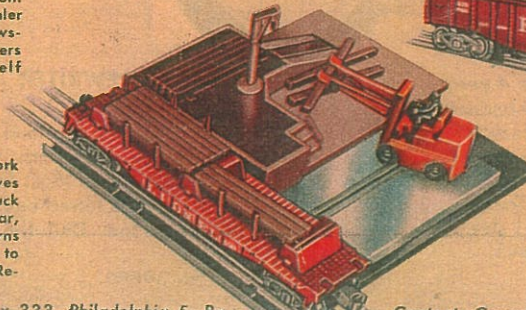

NEW! No. 128 Animated News Stand is loaded with action. Press controller and news dealer moves to front of stand, newsboy turns around and offers paper, pup chases himself around hydrant.

NEW! No. 55 Tie Unloading Car distributes ties along railside while in motion. Propelled by own motor, throws ties off on alternate sides.

NEW! No. 680T Flat Car Carrying Boat is an unusual car-cargo combination. Scale-sized boat can be removed and floated in water.

NEW! No. 3444 Animated Gondola is an outstanding Lionel original. Railroad cop chases hobo around car. Activated by track current, needs no remote control section.

NEW! No. 264 Operating Fork Lift Platform actually moves heavy timber. Fork-lift truck runs up to loaded lumber car, lifts timber, backs up, turns around and drops timber to platform, returns for more. Remote control. Car included.
