

A 11-19 JR. PLASTIC ENGINEER\$3.95

(8 yrs. up)—Who knows what great discovery will be made 50 years hence by someone who first became fascinated with plastics "way back in 1948"? This set contains all necessary raw materials for basic processes now used in the industry. By extrusion, filler moulding, etc., many objects in clear, opaque and colored plastics can be made for play or decorative purposes. Box measures: 15x11". Instructions. Ship. wt. 4 lbs.

B 42-8 PLASTICOR\$19.95

(9 yrs. up)—The fastest-growing industry in the land—plastics—provides this fine plastic moulding machine for youngsters to make their own plastic toys. Operation is simple and interesting. The five moulds provided make five different toys. Extra plastic and moulds can be supplied. Ship. wt. 23 lbs. Additional MouldsEa. \$1.50 Additional Plastic pkg. of 8 ounces \$.90

C 10-44 TECH CONSTRUCTION SET\$3.95

(7 yrs. up)—Made entirely of dimensional plastic parts, brilliantly colored, this set is ideal for early technical training. Method of dowel-assembly is easy since no nuts or bolts are used. This set can construct 150 possible models (one at a time) as windwills, locomotive, cannon, sewing machine, horse and wagon, etc. Ship. wt. 6 lbs.

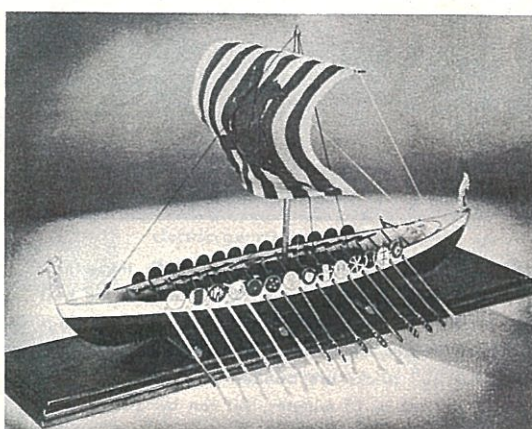

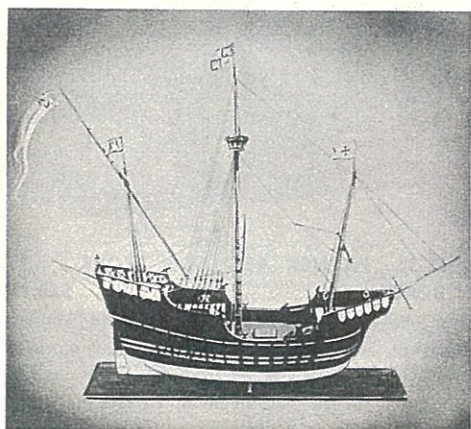

D 4-36 DUPLEX TELEPHONES\$6.95

Popular two-way phones giving smooth reception. Signal buzzer, two phones, 100 feet of wire included. 4 dry cell batteries needed (see below). Ship. wt. 6 lbs.

E 42-11 HOBBYCRAFT POWER TOOLS\$3.00

(12 yrs. up)—A full 8½ ft. of steel machine tool power, this equipment is ideal for turning out new household gadgets, repair jobs near professional efficiency. Circular Saw, Jig Saw, Spindle Shc Joiner, Drill Press, Disc Sander all necessary pulleys, line shaft belting. Platform not included (1/10 H.F. motor, not included, sufficient for operating one tool time.) Ship. wt. 35 lbs.

4-37 Set of 4 Batteries. Ship. wt. 8 lbs.....\$3.00

SHIP CONSTRUCTION SETS—When completed, these scale model reproductions add an interesting and decorative touch in the home. They will cause children to ask questions about them and so learn of the romantic histories behind each of these models.

F 4-5 SANTA MARIA\$15.00

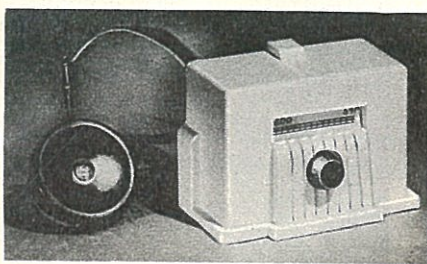

A scale model (5/32" to 1") of the famous ship "Santa Maria" used by Columbus in discovering America during the 15th Century. Has fully shaped wooden hull, masts, and spars ready for final sanding. Balance of equipment includes every tiny gadget, even to the flags, to complete the ship in every detail. Hull measures 11½" long. Ship. wt. 4 lbs.

G 4-7 VIKING SHIP\$9.00

This type ship was used by the Pirate Northmen who roved the seas plundering the coast of Europe in the 8th to 10th Centuries. Set consists of fully shaped wooden hull, masts and spars ready for final sanding plus the numerous tiny gadgets needed to complete this (3/16" to 1") scale model. The hull measures 14" long. Ship. wt. 4 lbs.

H 10-9 LINCOLN LUMBER YARD\$5.00

(6 to 12 yrs.)—From lumber yard to toy! First fold 11 x 16" heavy and perforated cardboard box into intended form of lumber yard building, then saw away the good lumber. Next, select which of 3 toys to make first steamship, truck or airpl and then by the use of the tools: nails, sandpa vise, hammer and scroll saw and by following clear blueprints, cut along the printed guide line the lumber. Finally sand, fit and nail together finished 7½" product. Ship. wt. 5 lbs.

A 4-64 DELUXE WOODBURNING SET\$5.00

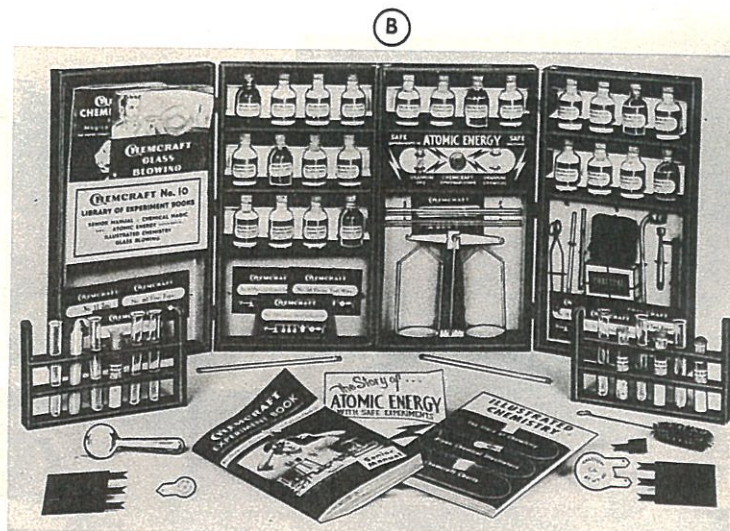

(7 yrs. up)—The ancient craft of wood-burning is made easier by means of the AC electrically heated burning point. Very well insulated to protect youngsters. Nine wooden "starter" plaques as well as paints, brush, tips for cutting, chiseling, general use are included. Ship. wt. 7 lbs.

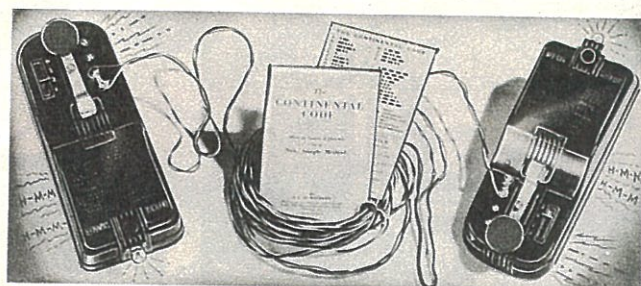

D

B ADVANCED CHEMCRAFT SETS—(10 yrs. up)—Presenting series of Atomic Energy experiments, with atomic energy apparatus and material! Included are the Chemcraft Spinharscope (shows an atom splitting), a real sample of genuine uranium ore, a manual titled "The Story of Atomic Energy". Additional equipment for many interesting and fascinating experiments, balances, blow torches (for use in Glass Blowing), as well as manuals and outlines for educational application to a field that offers magnificent horizons to the youth of the land.

- 4-45 Ship. wt. 10 lbs. (Wood Lab Cabinet 31 x 14" when open) 690 experiments. (No. 10)—Illustrated.....\$10.95
- 4-46 Ship. wt. 15 lbs. (Wood Lab Cabinet 46 x 14" when open) 860 experiments. (No. 15).....\$16.95
- 4-47 Ship. wt. 19 lbs. (Wood Lab Cabinet 51 x 16" when open) 1,021 experiments. (No. 25).....\$25.00
- 4-43 Ship. wt. 7 lbs. (Without Atomic Manual)—(Wood Lab Cabinet 21 x 14" when open) 580 experiments. (No. 5)\$5.95

B

E

C 4-17 RADARADIO\$5.95

(9 yrs. up)—Complete with ground strip, insulators, this tiny plastic radio 4 x 3", will get standard broadcast stations within 50-mile radius. No tubes, batteries or electrical connections are necessary. There is a compression type variable condenser, and an individual earphone with headpiece. Ship. wt. 4 lbs.

D 3-104 FUN WITH FOTOS\$3.00

(8 yrs. up)—Easy photo developing with this printing equipment! Set of 17 assorted captioned negatives (2 sizes), photo paper, glass printing frame and fixative offer complete kit. Sunlight or electric bulb exposure. Personal negatives can be used as well. Complete directions. Ship. wt. 3 lbs.

E 3-38 OFFICIAL SIGNALLER\$5.50

(8 yrs. up)—For sending and receiving messages by the International Morse Code. Each of the two brown bakelite sending stations can be "rigged" for communication by telegraph, radio signal or blinker light. The "dot-dash" code is conveniently printed at the top of each station box. 50 ft. of double conductor wire and four one-cell batteries included. Ship. wt. 7 lbs.

F

G

H

F 3-58 SALT CRAFT\$2.50

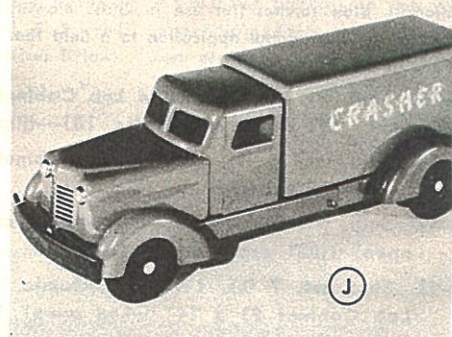

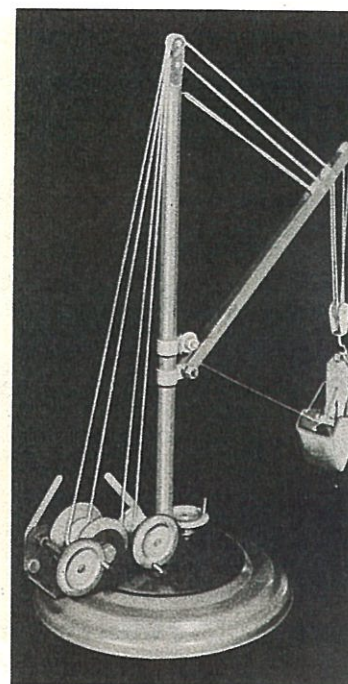

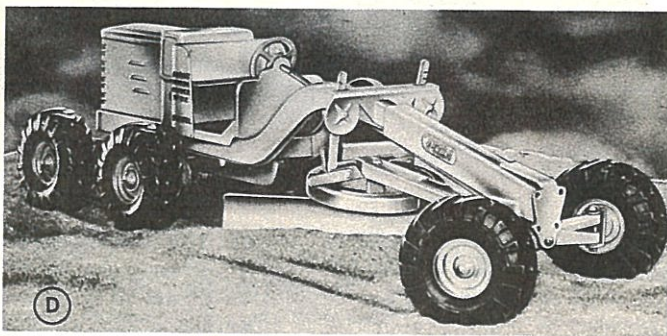

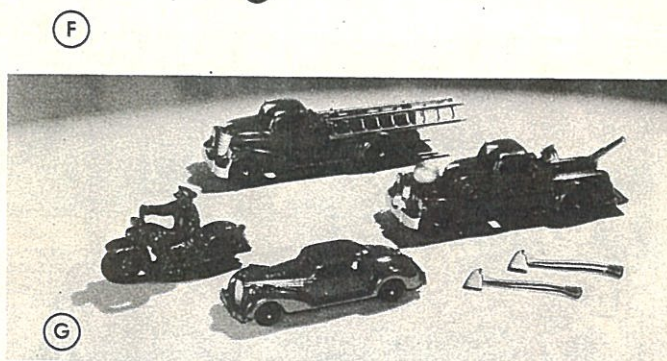

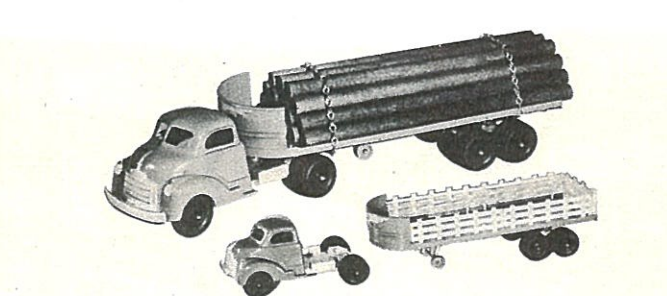

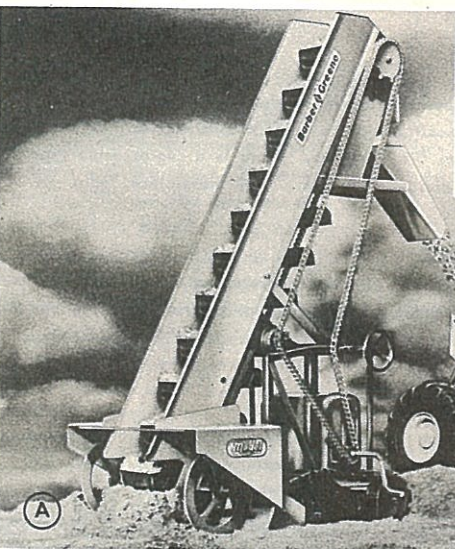

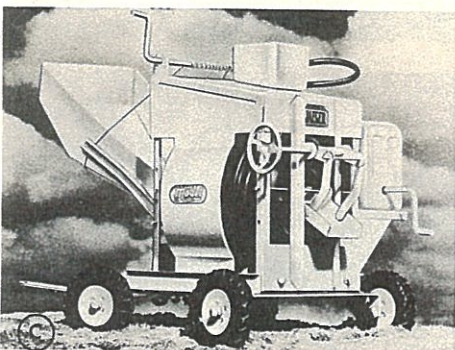

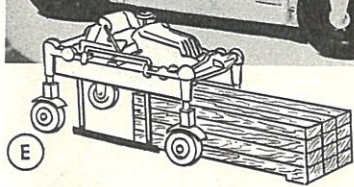

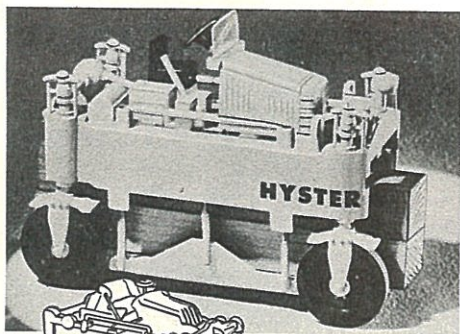

(5 yrs. up)—Giving the effect of dimension is a feature of this interesting set. The "Saltcraft Process" shows pictures which are first painted with the water colors supplied, then sprinkled with salt (also included) which adheres to the art, absorbs the colors, and gives a brilliant and deeply embossed effect. 12 stencils are included, as well as silver and gold "Glitter". Ship. wt. 4 lbs.

G 11-45 ACE PRINTING PRESS.....\$8.00

(8 yrs. up)—It's fun to print up your own "programs" for marionette shows, magic shows, or "menus" if you're playing restaurant. You can make up circulars announcing your big Grocery Sale too! Many uses for this 15" hand-operated rotary metal press, using rubber type, paper, cards, ink. Print surface 7 x 5". Ship. wt. 10 lbs.

H 3-4 CIRCUS PRINTING SET.....\$2.00

(5 to 10 yrs.)—Cages, nets, clowns, tumblers, performing animals, aerialists, etc.—a clever ringmaster can stamp out his own Big Show with this set of 17 rubber printing stamps, averaging 1 1/4" high. Eight crayons for coloring the pictures, and 40 alphabet, number and punctuation stamps as well, for making captions or printing signs and tickets. With ink pad, paper, 6" ruler, metal printing guide and directions. Ship. wt. 2 lbs.

MODEL TOYS—(5 yrs. up)

A 27-52 BUCKET LOADER\$13.95

Authorized scale reproduction (painted bright green, 18" high, 15" long) of the Barber-Greene high capacity bucket loader on treads. Conveyor quickly picks up sand, gravel or earth to load-haulers. Ship. wt. 12 lbs.

C 27-91 CONCRETE MIXER\$10.95

Authorized reproduction of the Jaeger mixer, tough and sturdy. Painted yellow. Sand and cement mixed by rotation, manually operated drain pours cement where needed. Overall length: 14". Ship. wt. 10 lbs.

E 4-42 HYSTER STRADDLE TRUCK\$7.95

(5 yrs. up)—As the name implies, this work-saving vehicle must straddle its load to pick it up and carry it away. An exact copy of lumber loaders being used in lumber yards and big building jobs. Made entirely of metal, enameled a brilliant yellow, measures 12 x 8". Has four-wheeled steering, while loading-lifting device works by lever action. Includes one load of rough lumber, operating rules and operator's license. Ship. wt. 7 lbs.

B 27-50 DUMP TRUCK\$12.95

Authorized scale reproduction of Wooldridge heavy duty earth-hauler, this model does the same type work as full-scale equipment. Painted yellow, sturdily built of heavy gauge electrically welded steel. Push it or pull it . . . it's easily filled and dumps the load well. Overall length: 25". Ship. wt. 9 lbs.

D 27-114 ROAD GRADER\$13.95

Authorized scale reproduction of a J. D. Adams heavy duty Road Grader. Performing jobs: scrapes earth, carries the load and dumps. Fine in building or repairing roadway or airport. Painted orange. Overall length 25". Ship. wt. 14 lbs.

F 9-8 TRACTOR-TRAILER-TRUCK\$5.75

(4 yrs. up)—From this attractive all die-cast metal toy can be made two separate vehicles. By removing the metal stakes, it becomes a flat bottom truck. The logs, chains and springs furnished can be put into place, making a lumber truck as illustrated. Overall length 17½", painted red with aluminum trim, knee action rear wheels, 14 rubber tired wheels and retractable trailer support. Ship. wt. 8 lbs.

G 9-9 FIRE ENGINE SET\$

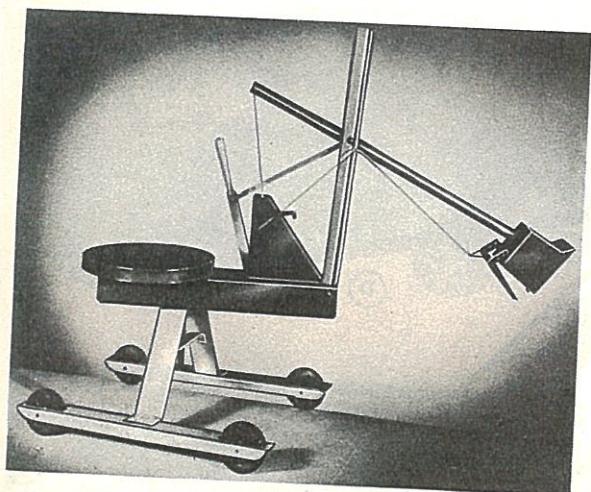

(4 to 7 yrs.)—Any young fire chief is ready for c alarm with this apparatus in his department. vehicles with red metal bodies, rubber wheels, chromium accessories; motorcycle with mounted police; fire chief's car; hook and ladder truck; truck. Vehicles average 3½" long. A pair o chromium ladders and two 3" metal axes com the equipment. Ship. wt. 5 lbs.

H 27-43 DERRICK\$

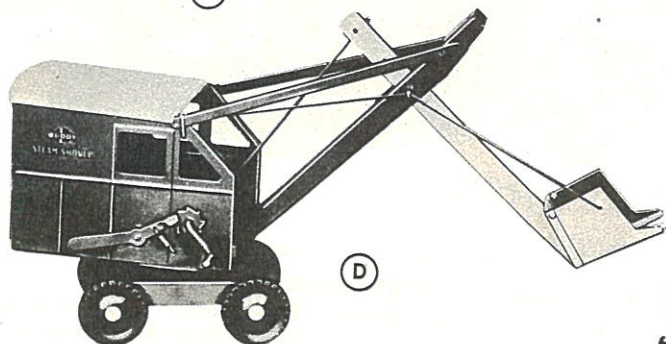

(7 yrs. up)—Hand-controlled, all metal derrick realistic cogs and pulleys. One cog controls b another controls shovel, and a third revolves derrick at the base. A pull on the cord opens sl to release the load. Measures 19" tall, painted and green. Ship. wt. 8 lbs.

J 9-31 THE CRASHER\$

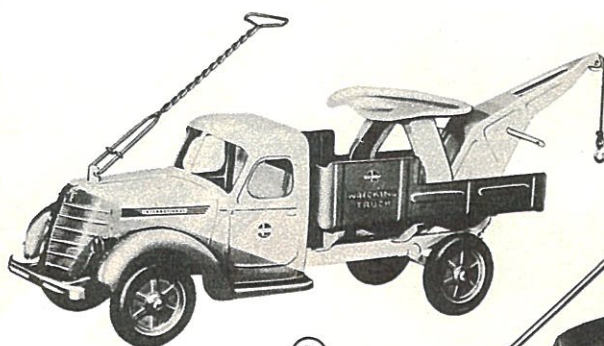

(4 yrs. up)—As the name implies, this all-metal is made to crash. Easy to assemble the 14 parts what apparently is a good solid truck, but let front bumper hit any rigid article and it disinteg into the original 14 parts again. Measures 15" Has rubber-tired wheels. Is a good pull toy. : wt. 8 lbs.

(C)

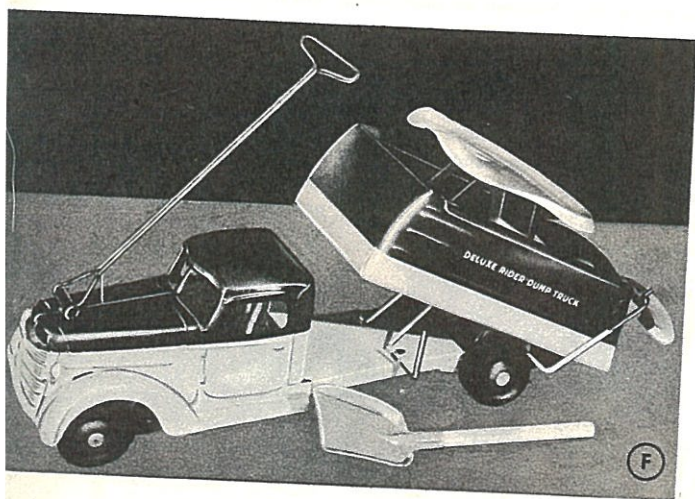

(E)

BUDDY 'L'
HYDRAULIC
DUMP TRUCK

(G)

(F)

A 27-46 ROLLER DIGGER\$6.95
(4 to 7 yrs.)—No digging job too big or small for this red and yellow all-metal digger. It's hand operated with full control over the dig-and-dump procedure. The 18 x 13" base is mounted on wheels for rolling backward or forward. Overall height is 27". Ship. wt. 14 lbs.

B 10-27 BUDDY 'L' DELUXE WRECKING TRUCK\$13.95
(2½ to 6 yrs.)—Sturdy steel construction, finished in snappy color scheme of two-tone baked enamel. Full swinging crane, cable wind-lass for hoisting and pulling. Pull-N-Ride feature, removable saddle seat, and heavy duty rubber wheels. Length 33¼", width 9¼", height 13½". Ship. wt. 14 lbs.

C 27-65 BUDDY 'L' DELIVERY TRUCK\$6.50
(2 to 6 yrs.)—This deluxe all-metal truck has been equipped with a removable saddle seat and a steering rod (which can also be used as a puller). Measures 18" in length, with rubber wheels and a two-toned baked enamel finish. For added play interest, a barrel skid has been included. Ship. wt. 10 lbs.

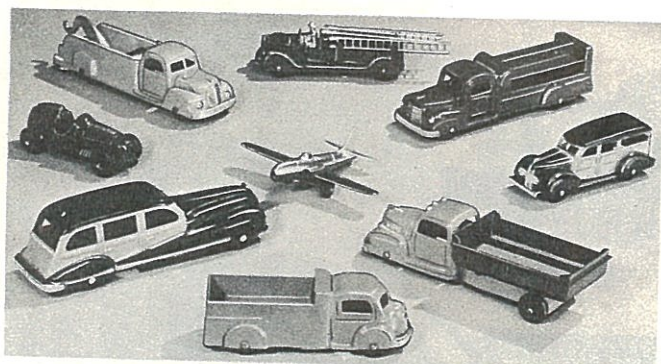

D 10-23 BUDDY 'L' STEAM SHOVEL\$5.00
(2 to 6 yrs.)—An all steel model finished in baked enamel. Can be rolled up to the point of excavation and there by hand manipulation made to dig, load its load and dump its shovel full. Height 13". Ship. wt. 7 lbs.

E 10-26 BUDDY 'L' HYDRAULIC DUMP TRUCK\$13.95
(2½ to 5 yrs.)—Pull-N-Ride feature which children enjoy. Sturdy steel construction, finished in brilliant baked enamel, duo-tone colors. Release lever and hydraulic action raises the body, automatically opens end-gate and dumps load. Press body down to lock in hauling and riding position. Has removable saddle seat and heavy duty rubber wheels. Length 30", width 9", height 14". Ship. wt. 14 lbs.

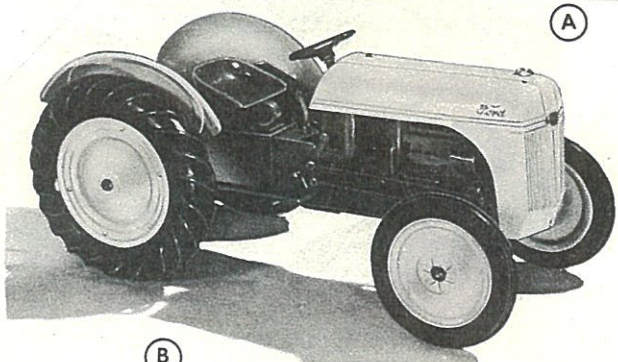

F 27-18 BUDDY 'L' DUMP TRUCK\$6.50
(2½ to 5 yrs.)—This all-metal speedy-action dump truck has an automatic end-gate opening and can be ridden or pulled at the whim of the owner. Equipped with a removable seat for riding and a handy steering rod. Measures 25" long with two-tone baked enamel finish. Rubber wheels. Shovel added for extra play value. Ship. wt. 9 lbs.

G 10-24 BUDDY 'L' TRUCK AND STEAM SHOVEL\$10.00
(3 to 6 yrs.)—Here's the truck that takes the shovel to the job. Steam Shovel can be released down the ramp and is pulled back mechanically by spring driven motor, winch and cable to the accompaniment chugging sound of motor. Motor enclosed in cab has clutch and stopping controls. Dimensions with steam shovel on truck—length (bucket up) 31½", length (bucket down) 28", width 6½". Height 16¼". Ship. wt. 10 lbs.

FAO SCHWARZ

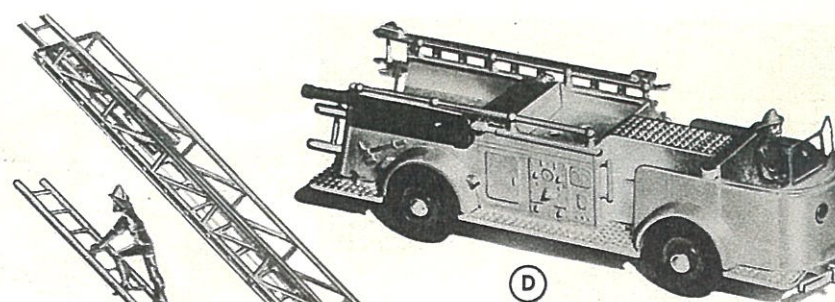

(A)

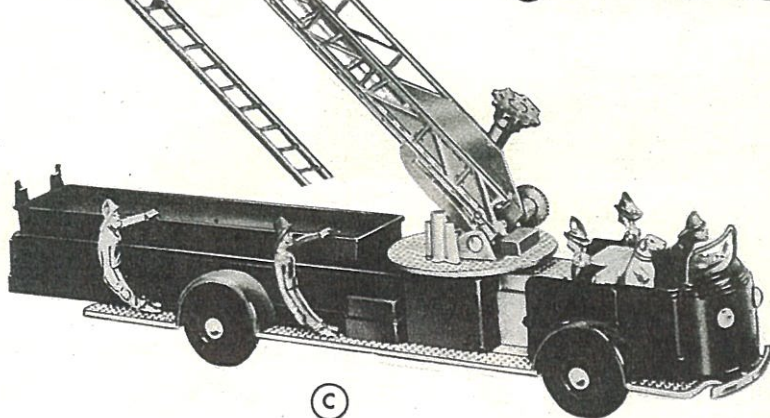

(B)

A 4-39 TOOTSIE TOY PLAYTIME DELUXE.....\$2.75
(2½ yrs. up)—These small brightly colored models, exact in every detail and equipped with "Rol-Ezy" rubber wheels, are a perennial delight. This is a new assortment of 9: large and small station wagons; beverage, dump and open body trucks; racer; hook and ladder; wrecker and airplane. Average length 4 inches. Ship. wt. 6 lbs.

B 4-40 FORD TRACTOR\$2.95
(4 yrs. up)—This highly detailed scale model of a Ford Tractor in durable gray and red plastic measures 9 x 4½", and has rubber tires. Fine spring wind-up motor. Ship. wt. 2 lbs.

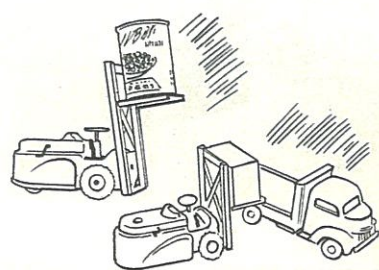

(D)

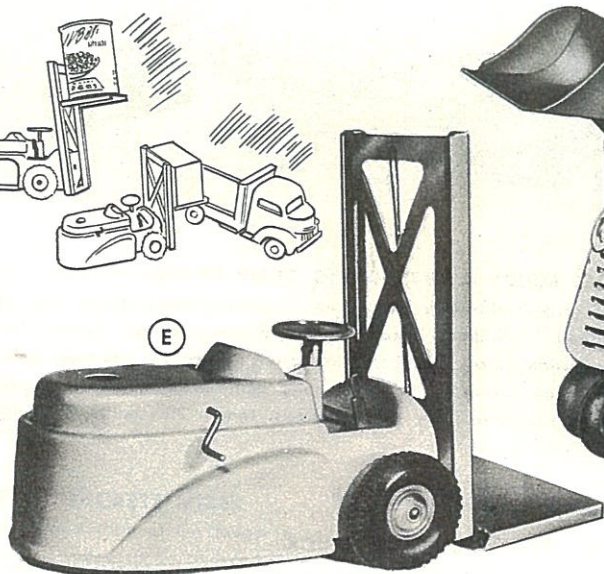

(C)

C 4-55 AERIAL HOOK AND LADDER WITH FIGURES.....\$4.
(4 yrs. up)—A small die-cast all metal fire truck painted red and silver, carrying hand-cranked extension ladder. Manned by six tiny all metal firemen in various positions and a dog. Mounted on solid rubber wheels. Ladder extends from 9 to 15 inches. Truck measures 10" long. Ship. wt. 3 lbs.

D 4-56 HOSE CART\$2.
(4 yrs. up)—Companion to above aerial ladder measuring 7" long. Has ample space for its crew of three metal firemen and a dog. Equipped with two 4" ladders which can be made into one extension ladder, also a yellow high pressure hose and nozzle. Ship. wt. 2 lbs.

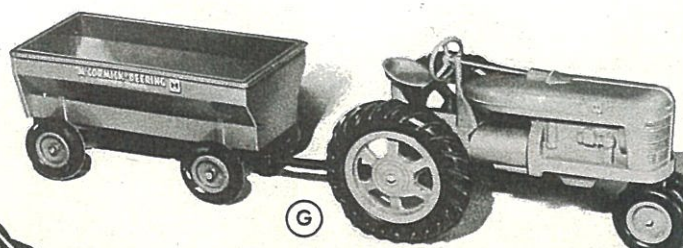

(E)

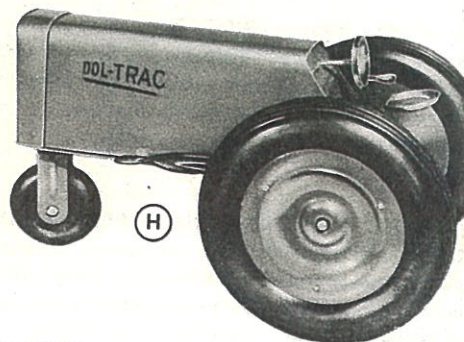

E 4-65 LITTLE GIANT LIFT TRUCK.....\$3.50
(6 yrs. up)—Small loads are lifted, held, transported, lowered, stacked or placed exactly the same as with a full size lift truck except that these mechanical movements are manually operated. Loaded aluminum skid resting on two forks, attached to the upright lever (lever tilts upright forward to load, backward to hold) can be raised or lowered by a hand crank. Die-cast metal truck painted yellow and equipped with rubber tires measures 12" overall. Ship. wt. 4 lbs.

F 27-5 SUPER SIX LOADER\$3.95
(4 to 7 yrs.)—Lots of play value because it lifts, loads and dumps. And youngsters who love to play at digging are sure to find the loader just about indispensable! Sturdily made of metal, painted in red and yellow, it measures 13" overall length when the scoop is lowered. The 4½" oversized rubber tired wheels are powered by a strong windup motor. Ship. wt. 5 lbs.

(G)

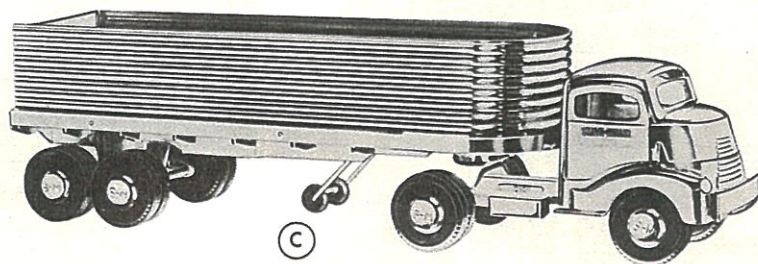

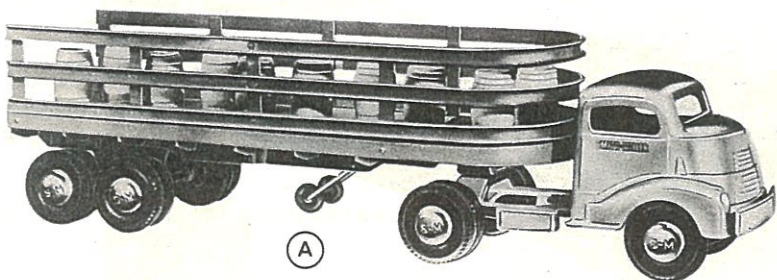

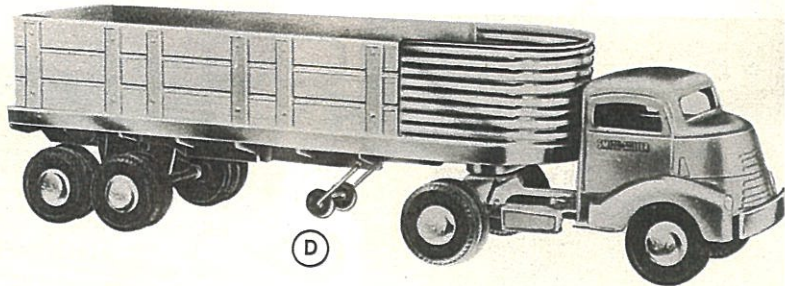

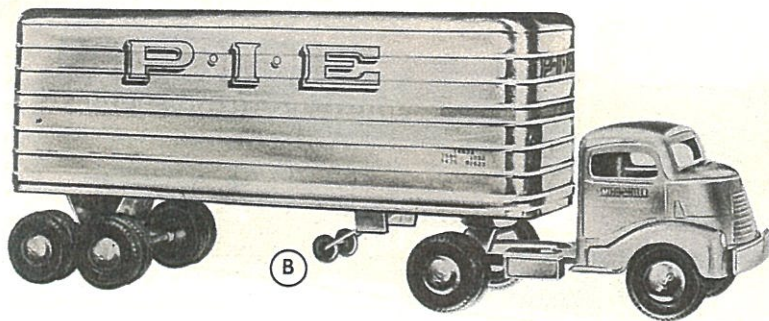

(F)

(H)

G 9-6 TRACTOR AND TRAILER\$3.00
(2½ yrs. up)—Here are 2 pieces of equipment in a gay red combination in durable plastic and rubber, highly useful on any farm or ranch. Each is a scaled model and an exact replica. The International Farmall Tractor is highly detailed as to motor, wheels, body, etc. It is 8½ x 4¾", with 4 rubber-tired wheels and pliable rubber steering wheel. The 7" body of the McCormick-Deering Tractor Trailer has a 4" metal tongue by which it may be fastened or unfastened to the tractor at will. Two inches deep, 3" wide. Plastic tires. Ship. wt. 3 lbs.

H 12-36 MECHANICAL TRACTOR\$6.75
(4 to 8 yrs.)—This metal tractor is the finest toy of its kind. Powerful wind-up spring motor gives extra long running time. It can pull other toys, has brake lever, steering wheel, oversize 5½" wide tread semi-pneumatic balloon tires. Free wheeling permits push-or-pull action. 11" long. Ship. wt. 7 lbs.

FAMOUS TRUCKS IN MINIATURE

Nationally famous trucks and trailers of sturdy play-proof construction, beautifully finished in color and polished aluminum. Have full length die-cast aluminum frames (except P. I. E. truck),

retractable trailer landing gear, floating tandem duals (knee action effect) and, including the detachable cab, have 14 treaded rubber wheels. Measure $23\frac{1}{2} \times 6\frac{1}{2} \times 6\frac{1}{4}$ ". (3½ yrs. up).

A 11-27 SUPER CARGO \$8.95

Silver gray cab and frame. Red rack type body. Hardwood bed. "Fruehauf" decal on trailer. Load of 10 barrels. Retractable landing gear. Full length die-cast frame. 14 treaded rubber wheels. Floating tandem duals. Ship. wt. 8 lbs.

B 11-12 PACIFIC INTER-MOUNTAIN EXPRESS \$11.95

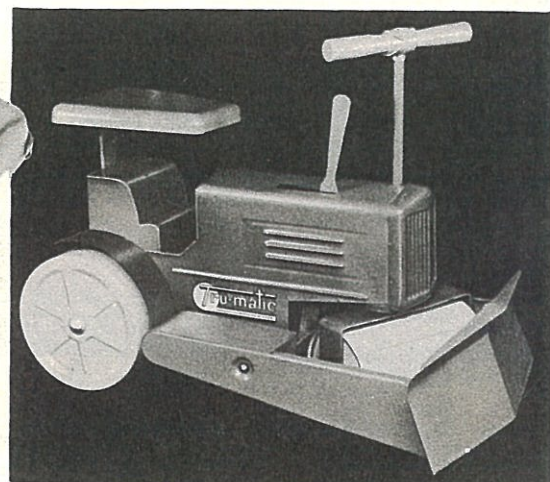

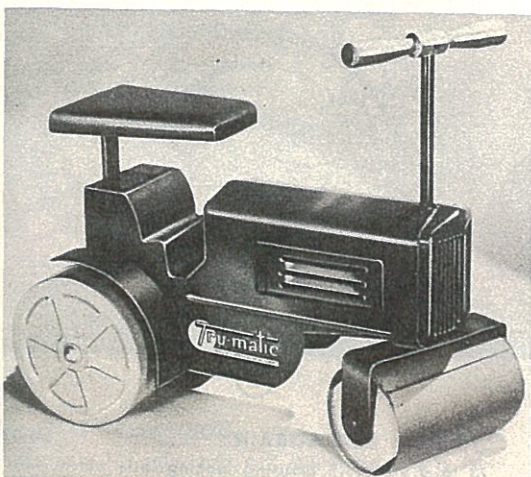

Red cab, polished aluminum trailer with red and black "P. I. E." insignia on front and sides. Rear opening doors. Retractable landing gear. 14 treaded rubber wheels. Floating tandem duals. Measures 24" long, $6\frac{1}{8}$ " wide, 9" high. Ship. wt. 10 lbs.

C 11-21 SILVER STREAK EXPRESS \$9.95

Polished aluminum cab and body. Retractable landing gear. Full length die-cast frame. 14 treaded rubber wheels. Floating tandem duals. Ship. wt. 8 lbs.

D 11-23 HI-WAY FREIGHTER \$8.95

Red cab, polished shield and trailer frame. Natural hardwood braced fences and bed "Fruehauf" decal on trailer. Retractable landing gear. Full length die-cast frame. 14 treaded rubber wheels. Floating tandem duals. Ship. wt. 8 lbs.

E 27-15 ROAD ROLLER \$5.95

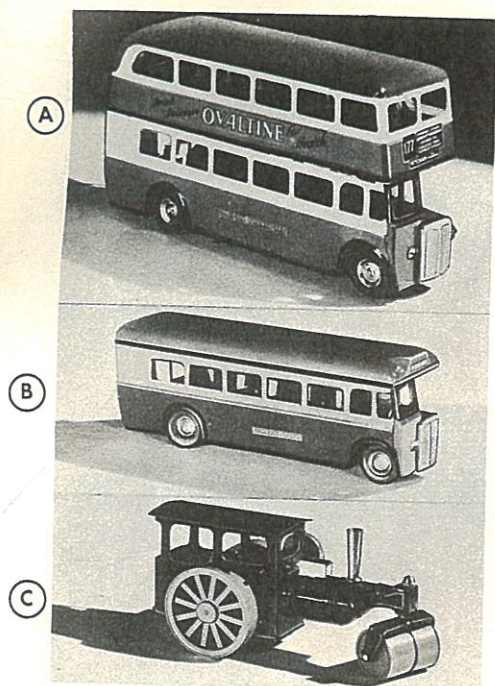

(2½ to 6 yrs.)—Made of heavy steel, painted green and gray, with seat 12" from floor and handy steering rod, this steam roller can be propelled with the feet or pushed along. Green body, gray wheels and roller. 18" overall. Ship. wt. 11 lbs.

F 4-53 CUSTOM CAR \$5.00

(3 yrs. up)—A twist of the steering wheel turns on the beam headlights of this 12" open touring car. Electric horn also. Handsome heavy plastic body with windshield; bumpers, grille, hub caps and light rims of nickel. Fabrikoid upholstery. Rubber pneumatic type tires. With flashlight battery. Ship. wt. 2 lbs.

G 27-51 BULLDOZER \$7.95

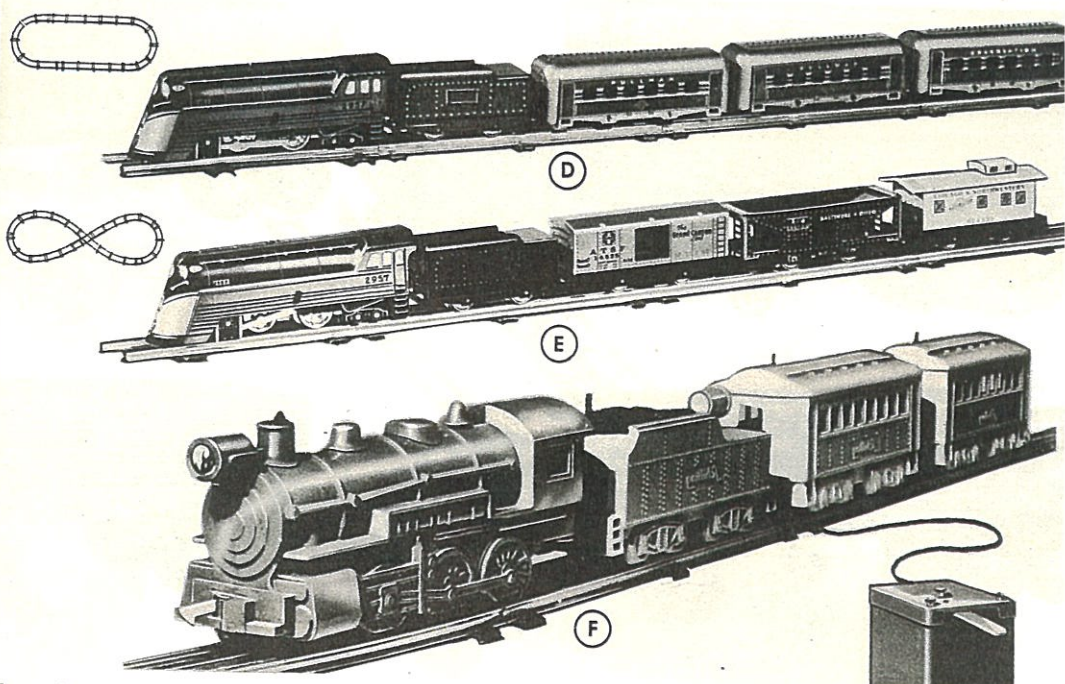

(3 to 6 yrs.)—With this equipment the dirt or sand pile can be tackled the modern way. It rolls at it goes, while the scraper front can be, by lever action, raised or lowered at will. The steering is done by the front handlebar—nothing to get out of order. Made of steel throughout, measuring 21 inches long with adjustable seat up to 13½ inches. Ship. wt. 16 lbs.

A 2-542 DOUBLE-DECKER BUS.....\$4.75
(3½ yrs. up)—In true London style, this double-decker wind-up bus, 7 x 4" has right-hand driver's seat and rear stairway. All metal, red with cream and black trim. Rubber tires. Ship. wt. 2 lbs.

B 2-437 SINGLE-DECKER BUS\$3.50
With typical British right-hand drive and rear entrance, this wind-up single decker bus has a good spring motor. Metal body, painted 2 shades of green, with rubber tires and 11 wooden seats. Ship. wt. 2 lbs.

C 2-543 STEAM ROLLER\$2.00
(4 yrs. up)—As this 5" mechanical steam roller moves back and forth, it may go straight or turn in a radius to right or left, according to the adjustment of its front roller. Green metal body, with gray plastic wheels and roller. Ship. wt. 2 lbs.

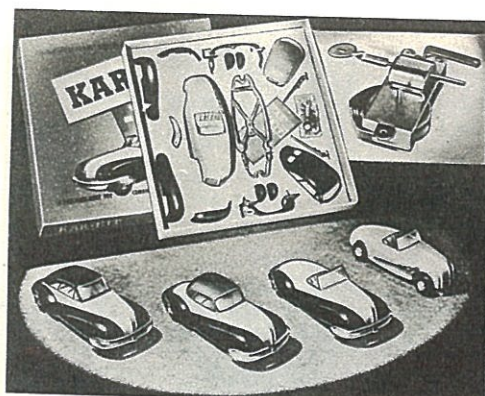

D 20-19 MECHANICAL PASSENGER TRAIN \$5.00
(3 to 6 yrs.)—This modern 33" Pullman train in 5 units will give a young train dispatcher much pleasure when wind-up streamlined engined speeds along pulling its load of modern cars—tender, two Pullman and observation. This metal train runs on an oval layout of 8 curved and 6 straight pieces of track. Ship. wt. 7 lbs.

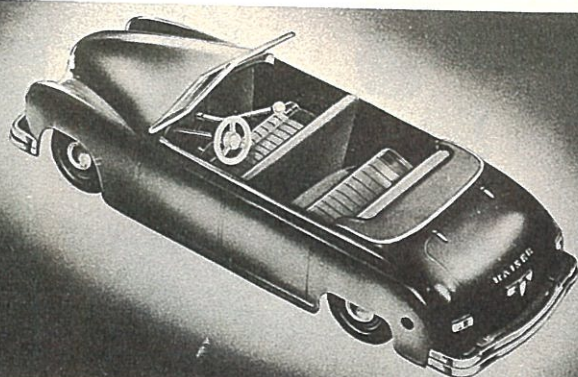

E 20-20 MECHANICAL FREIGHT TRAIN\$5.95
(3 to 6 yrs.)—Here is fine new rolling stock! A metal de luxe wind-up freight train consisting of streamlined engine, tender, box car, gondola car and caboose, measuring 32½" long. Three cars bear the names of different railroads with authentic insignia. The track equipment of 4 straight and 12 curved pieces and a large crossover can be laid in ovals, figure eights or circles. Ship. wt. 7 lbs.

F 11-22 PLASTIC ELECTRIC TRAIN SET.....\$12
Requires 4 batteries.....ea. \$4
(4 yrs. up)—Automatic coupling remote control for stop, start & reverse—these fine plastic train cars are powered by flashlight batteries and hence have a very low current consumption. Engine, tender & two passenger cars (24" long) smoothly and easily on the track. Ship. wt. 6 lbs.

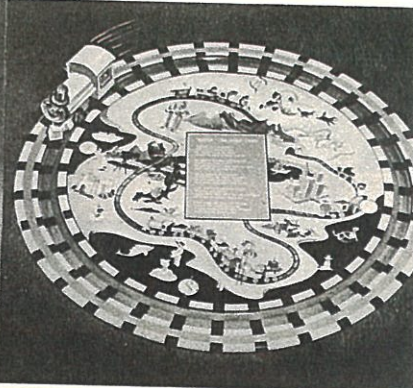

PLEASE PRINT SHIPPING NAMES AND ADDRESSES. GOOD LEGIBILITY WILL ASSIST IN FILLING ORDERS PROMPTLY AND CORRECTLY.

G 11-26 KAR KIT\$6.95
(8 yrs. up)—To a young Henry Ford here are the parts for an assembly line right at home! Metal and plastic units include fenders, wheels, axles, frame, wind-up motor, bumpers and all parts to fabricate a mechanical racer, sedan, roadster or convertible 11" long. Instructions included. Builds one car at a time. Ship. wt. 6 lbs.

H 4-62 KAISER GEARSHIFT CAR\$2.95
(4 yrs. up)—A notable addition to any car collection is this 11" plastic replica of 1949 Kaiser convertible. Unusually durable spring motor. Workable steering wheel, while gearshift puts car in reverse or in any one of 3 forward speeds. Ship. wt. 2 lbs.

J 4-30 BUZZA-TRAIN\$4.
(3 to 6 yrs.)—An amusing looking little plastic locomotive with a laughing face that spends its days buzzing around the rim of its pie-plate shape track. Tracks are metal, 22" in diameter, with colorful scene cartoon route and charming poem in center. Locomotive is 5" long, bright yellow, powered by small battery. Extra battery for replacement is included. Locomotive also runs in reverse. Ship. wt. 6 lbs.

FAO SCHWARZ

GIFTS FOR PARENTS TOO: Turn about is fair play—so youngsters who have for years been receiving gifts from their parents can now arrange to have their parents receive gifts from them. A group of very well made, properly priced and just a little out of the ordinary "presents for parents" starts on Page 68.

KEYSTONE MOVIEGRAPH PROJECTORS

To perpetuate action scenes of family life, travel or sport, movies are indispensable. Hence these "Moviegraph Projectors" are the source of much pleasure in the home. With them, amateur operators can delight groups of all ages. Even 4-year-olds will enjoy watching, and children of 8 learn how to operate these machines. Any white surface will serve for a screen, a blacked-out room for the place. The further from the screen the projector is, the larger the picture image; the nearer the screen the sharper and brighter the image. Do not be misled by the inexpensiveness of these projectors; they perform well.

A 11-6 KEYSTONE MOVIEGRAPH PROJECTOR\$24.95

(8 yrs. up)—This model has tubular projection lamp, 140-watt bulb, AC 115 volt 60 cycle motor, electric film rewind, simplified threading, 400 ft. reel for 16 mm film. Ship. wt. 10 lbs.

B 11-1 KEYSTONE MOVIEGRAPH PROJECTOR\$18.50

(8 yrs. up)—Equipped with AC 115-volt 60 cycle motor; 120-watt bulb, electric film rewind, simplified threading, 200 ft. reel, but machine may be equipped for 400 ft. capacity. Ship. wt. 10 lbs.

C 11-20 KEYSTONE MOVIEGRAPH PROJECTOR\$35.00

(8 yrs. up)—Here is a deluxe machine with features and precision details usually found only in finer projector equipment. F2.8 projection lens, 200-watt lamp, AC 115-volt 60 cycle motor, with forced draft ventilation, separate switch for lamp, electric film rewind, simplified threading, 400 ft. reel for 16 mm films. Ship. wt. 17 lbs.

D 10-39 STEAM ENGINE\$20.00

(8 yrs. up)—Designed like "real" power plants, operates on 110 volts AC or DC current. Boiler diameter is 2½" by 5" long, mounted on steel fire box. Heavy cast iron flywheel. Base measures 9 x 11". Ship. wt. 7 lbs.

E 11-35 MODEL POWER PLANT.....\$45.00

(8 yrs. up)—Traces transformation of heat to electrical energy! Unit consists of boiler, steam engine, generator and light post. Of exceptional educational and play value. Sturdily made with great technical competence. On base 10 x 15". AC or DC current. Ship. wt. 14 lbs.

F 10-40 MASTER STEAM ENGINE.....\$27.00

(8 yrs. up)—Double wheels and pistons, boiler has 36 ounce capacity. Electrically (AC or DC) heated, mounted on base 7 x 11". Flywheel and belting can be attached to other toys to make them "action" toys. Ship. wt. 11 lbs.

G 11-41 FLEXITRON\$3.95

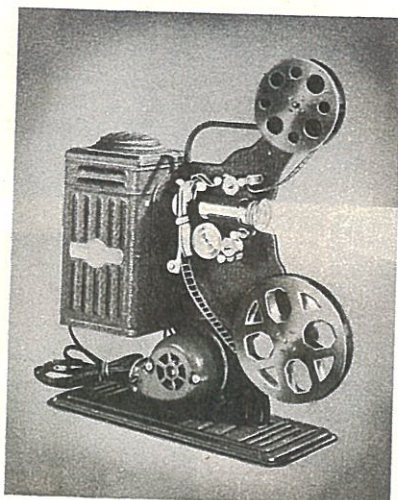

(7 yrs. up)—The safe, easy and interesting way to learn basic electricity—by doing. This board, 16 x 16", allows the young Edison to build over 1000 operating circuits, with no soldering or wiring. Impressive instrument panel, switches, buzzers, connectors, keys. Exciting "secret" telegraph and blinker codes are easy! Ship. wt. 4 lbs.

H 2-130 AUTOMAGIC PICTURE GUN.....\$2.95

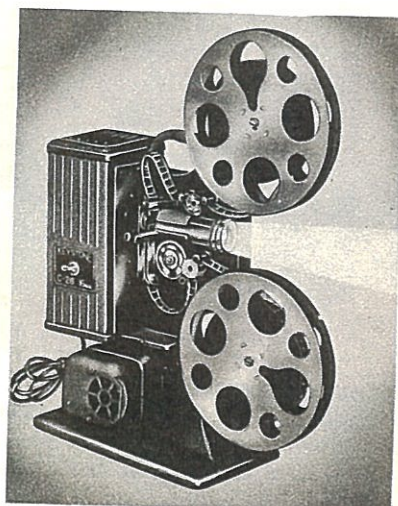

(4 yrs. up)—Any one of the several amusing pictures may be "shot" to the wall or to any light and flat surface. With every pull of the trigger, another picture of the story and a caption is revealed in full detail. Film is placed in the 5" black metal "gun"—the battery light and gun do the rest. Ship. wt. .2 lbs.

(H)

A 12-30 DRI-VIT-ELECT-STEER TRUCK\$39.50

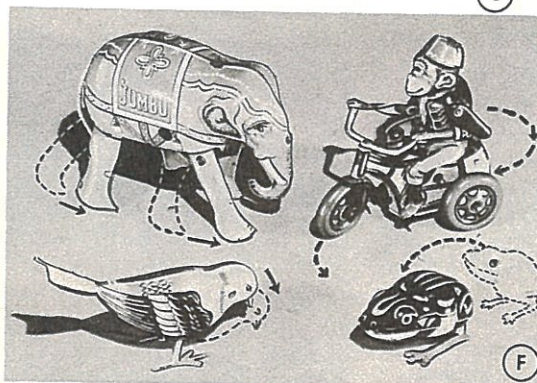

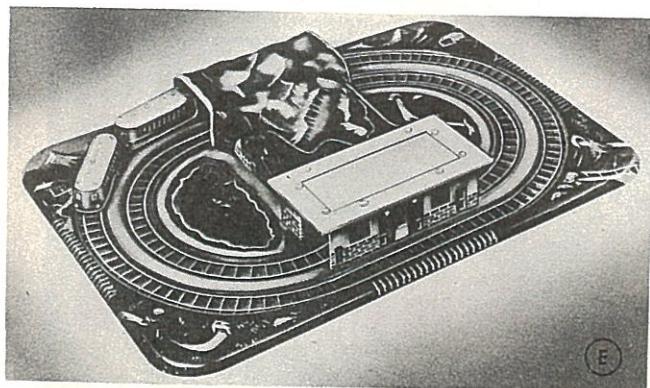

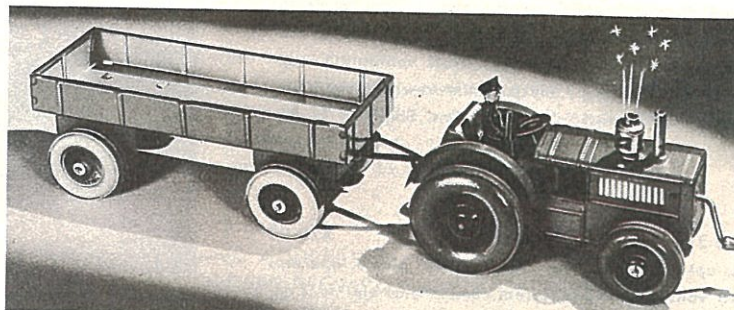

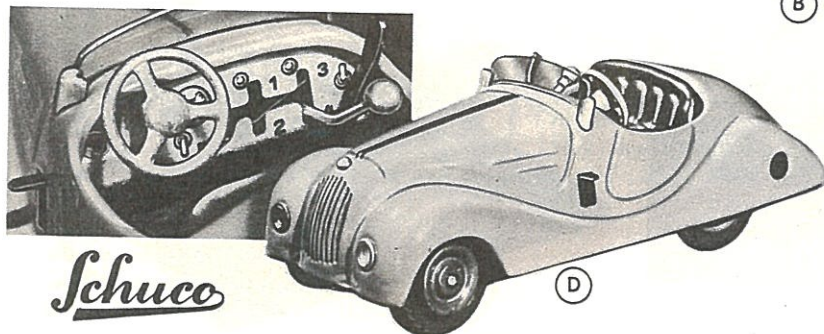

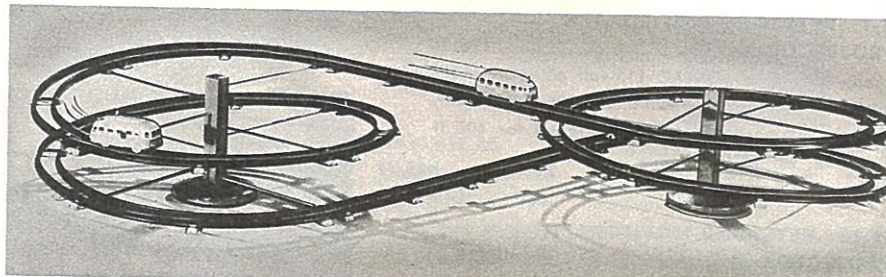

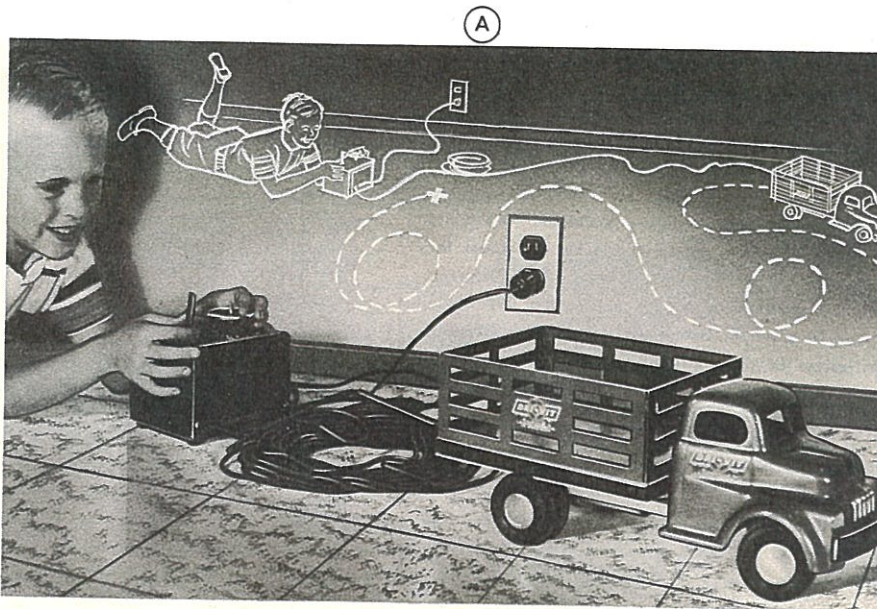

(5 yrs. up)—Endless fun with this new precision-made toy that operates electrically like a real truck. It starts—stops—runs forward or backward (5 speeds)—turns right or left (varying degrees)—goes slow or fast all at the operator's command by remote control, for a distance of 35 feet from the control box. This all-metal truck with streamline die-cast cab, measures 15 $\frac{1}{8}$ " long, has removable side and end panels (for flat bed), rear dual wheels with heavy gears, rubber tires and rubber guard around truck bed and bumper to protect furniture. Red enamel finish. Transformer (included) operates on AC current. Ship. wt. 15 lbs.

B 12-32 SPIRAL COASTER (Imported)\$7.95

(5 yrs. up)—Watch the little cars climb the spiral tracks, zip across the span and zoom down the opposite spiral. A new fast-moving miniature railway with speedy action to delight onlookers and operators alike. Its 18 pieces of metal track (14 curved, 4 straight) set up to make a continuous aerial railway with a 3-level spiral on either end. Two 2 $\frac{3}{4}$ " metal wind-up cars are then started on opposite spirals and race each other. Numerous track patterns at ground level are also possible. Ship. wt. 5 lbs.

C 4-14 TRACTOR & TRAILER (Imported).....\$3.75

(5 yrs. up)—Wind up the front crank handle of this 6" metal tractor, throw the lever forward and the machine starts, ejecting flint sparks from the exhaust located on the hood, while metal driver sits alertly at the wheel. Open-bodied, metal trailer attached by brass pin. Both vehicles attractively painted and have heavy duty wheels. 16" long overall. Ship. wt. 3 lbs.

D SCHUCO AUTOMOBILES—(4 yrs. up)—

These imported mechanical toys are the most ingenious in the field of miniature automobiles. Their precision made clockwork gears and wind-up motors are scientifically designed and amazing in their performance.

2-392 SCHUCO EXAMICO GEARSHIFT CAR (Illustrated)\$3.50

Has four forward gears, 1 reverse gear and neutral gear, a clutch, handbrake, effective car steering by means of an actual steering wheel. Bright colors. 5 $\frac{1}{2}$ " overall. Rubber-tired wheels. Ship. wt. 2 lbs.

2-399 SCHUCO AKUSTICO CAR (not shown)\$3.50

Has Horn-Button on steering wheel, which steers as with a big car. Handbrake and free wheeling, 2 clock works, one for horn, one for motor. 5 $\frac{1}{2}$ " overall, rubber-tired wheels. Ship. wt. 2 lbs.

2-397 SCHUCO TELESTEERING CAR

(Not illustrated).....\$3.00

A 4" all-metal mechanical car that may be steered from a point about 2' above the car. This is done with a connecting wire extension with a steering wheel at one end. The results are most amusing and even the best drivers are thrilled by the accuracy of this mechanical marvel when they attempt some of the tricks recommended with the accessories supplied. When you feel experienced enough try the 4 different speeds with which this little car is equipped. Only a wizard can operate it faultlessly at "high speed." Ship. wt. 2 lbs.

E 4-52 MYSTERY ALPINE EXPRESS.....\$3.95

(4 to 8 yrs.)—A two car wind-up train which travels on either of two tracks mounted on a scenically effective 15 x 21" metal base. In its course around the track it disappears into the tunnel on one track only

to reappear very mysteriously on the other. Ship. wt. 7 lbs.

F 12-29 GROUP OF MECHANICAL TOYS (Imported)\$3.

(4 to 8 yrs.)—Each toy in this group has a different mechanical action. They are well made, entirely metal and colorfully lithographed. While the amusing little Monkey speedily pedals and steers his bike in series of figure 8, the 4" Elephant walks around, the 2 $\frac{1}{4}$ " Frog tries to jump over the moon and the Hungry Little 2 $\frac{1}{2}$ " Bird pecks for his food. Make excellent stocking toys. Ship. wt. 3 lbs.

G 12-31 SPARKLING TOP (Imported).....\$2.1

(2 yrs. up)—Young children are fascinated by this favorite. The spinning handle and plate base make very easy to get this top to hummily spin and sparkle for some time. Made of metal and colorfully lithographed, it measures 5 $\frac{1}{2}$ ". Ship. wt. 3 lbs.
